Collaboration CNOS-FAP - Siemens

The CFP "Bearzi" of Udine and Siemens signed a Cooperation Agreement on February 20, 2009.

The Siemens Industry Sector has offered the CNOS-FAP Vocational Training Centre "Bearzi" a technological centre for the machine tool sector.

The Centre is the ideal partner for both small and medium enterprises providing technological support for milling and turning with CNC machine tools.

The Centre also provides services and solutions for an increased productivity, maintenance management, planning and training.
