Collaboration agreement between **CNOS-FAP** and **Brain Bee s.p.a.** for the research and experimentation of various modes of collaboration, connection and interaction, in order to improve the knowledge and technical-professional, technological and operational skills of teachers, trainers and students of Salesian works belonging to the electrical sector (VET, ITI, IPSIA, ITS), as well as to identify activities that combine the educational purposes of the training system with the needs of the productive world, with a view to facilitating the transition and the relationship between the moment of training and work. The collaboration will also be finalized to provide adequate support to companies and professionals through continuing education actions in the areas and fields that each VET, in agreement with Brain Bee, intends to develop.

Attached is the [collaboration agreement](#) [1] signed on 04/15/2016.
