Collaboration CNOS-FAP Federation-Meusburger:

The CNOS-FAP Federation and the Meusburger Georg GmbH & Co KG signed a Cooperation Agreement on 29 October, 2013. The parties bind themselves to:

- Improve the vocational, professional and technological knowledge and competences of students and teachers working in the mechanical industrial sector (Vocational Training Centres, Polytechnic Schools and legally recognized Professional Institutes);
- Find different activities combining the educational purposes of Italian Educational System with the labour market needs, in order to foster the professional insertion of young people in the business world.
