I.L.M.E. (Electrical Material Lombard Industry)

Last January 16, 2020, the CNOS-FAP National Federation signed a charter of intent ^[1] with I.L.M.E, a Lombardy-based industry specializing in the design and construction of components for Automation and Industrial Control.

In full observance of their roles they aim to seek and experiment with various ways of collaboration, connection and interaction, in order to improve the knowledge and technical-professional, technological and operational skills of teachers, trainers and students in the Electrical and Mechanical Sector.

Also identifying activities that combine the educational purposes of the Education and Training system with the needs of the productive world and facilitate the transition and the relationship between the training and work moment.
